

Juneau County Kennedy Park, 3.5 miles north of New Lisbon on County Road M offers a small boat landing suitable for canoes and kayaks. From Kennedy Park to Riverside Park in New Lisbon is a 2-3 hour trip. From the Indian Mound Road boat landing to Lake Decorah in Mauston is a 6-7 hour trip. Be sure to stay to the main river channel as the many sloughs can make it difficult to stay on course. There is an unimproved trail at the Carl Nelson Wildlife Preserve back to the river, however it may be impassable in wet conditions. Always be sure to have a compass and be aware of which way the current is taking the vegetation on the main river channel.
